

REPRESENTATIVE JANIS SONTANY WANTS TO HEAR FROM YOU

Dear Neighbor,

Every day I work hard to be your voice in the state legislature. This session, we are addressing issues that affect all Tennesseans and it is important for me to know where you stand.

I hope you will take a moment to return the attached issues survey. The answers you give will enable me to take ideas from your house to the State House.

JANIS SONTANY

Representative Janis Sontany is hard at work with Governor Phil Bredesen to keep Tennessee financially sound and moving forward. Cutting wasteful spending, demanding more efficient government, expanding home health care and increasing educational opportunities for hard working Tennessee families are common sense approaches that will keep us on the right track.
